### *Rejuvenate Your Body & Convalesce in Luxury*

Cosmetic surgery and dental packages in Slovakia offer surgery of the highest standards, coupled with excellent rehabilitation and convalescent facilities, at a fraction of the cost in the UK. Even though prices are substantially lower than in the UK, Slovakia's surgeons and medical practitioners have undergone extensive training in Europe to the highest possible levels, and indeed each surgeon used by us has over 20 years experience in their particular field of expertise.

The clinics we use in Piešťany, the world-famous spa resort, hold ISO 9001:2001 accreditation, and are fully insured with multi-national insurance companies, and surpass all European standards. The surgeons and clinical staff ensure that patients are treated with the utmost medical ethics, in safety and with care. What is unique about our surgical packages is that post-operative care and rehabilitation takes place in the sumptuous and elegant surroundings of The Château, giving your body and soul time to fully recover away from the stresses of normal life, where your every need and whim will be catered for, and yet only 10 minutes from the clinic. Examples of procedures available, with typical costs, are:

<i>Treatment/Procedure</i>	<i>Typical BUPA UK price (£)*</i>	<i>The Château 5-night price (£)**</i>
<i>Initial consultation</i>	150	<i>Inclusive</i>

<i>Cosmetic dentistry</i>		
<i>Implant placement &amp; post-connection</i>	<i>2,500</i>	<i>1,000</i>
<i>Crown &amp; fitting</i>	<i>800</i>	<i>240</i>

\* The prices quoted for BUPA treatments in the UK are mid-range prices, as quoted on BUPA's website, for surgery only, and surgery may indeed be more expensive

\*\* The Château prices (excluding those for cosmetic dentistry) include consultation, surgery, anesthesia, & 5 night's full-board accommodation in The Château (or, as necessary, in hospital) to assist convalescence. The prices quoted are purely illustrative, and may vary depending upon individual needs & medical requirements.

Prices quoted for cosmetic surgery are inclusive of initial consultation, cosmetic surgery/procedure, and 5 nights full-board stay at The Château or, as required, in hospital (certain surgeries require a night's stay in hospital). Should your spouse or partner, or indeed a friend, wish to accompany you, and share a room, then a charge of £50 per night, half-board, will be made.

### *The Procedure*

*The first step is to complete our Pre-Consultation Questionnaire. Decisions about surgery will only be made after the surgeon has evaluated your health, needs, and has discussed any questions and/or queries that you may have raised. Your initial Pre-Consultation Questionnaire will be forwarded to the surgeon, who based on the information you supply, will assess your suitability for treatment. It may be the case that, in certain circumstances, the surgeon does not recommend surgery.*

*If the surgeon recommends surgery, then we will arrange a clinical consultation for you with the surgeon. Although the surgeon speaks fluent English, we will accompany you with a translator, ensuring that any questions you have are fully answered. Subject to nothing adverse arising at this consultation, surgery will take place the next day.*

*We will help you prepare for surgery, and will stay with you up to the moment that you enter the theatre for your surgical transformation. Rest assured, that we will be there for you when you come out of theatre.*

*Certain procedures require a stay in hospital, and if that is the case then we will stay with you. Upon your release from the clinic/hospital, you will be transferred to the elegant and luxurious surroundings of The Château, where you can convalesce and recover in style, with your every need and whim fully catered for by our staff. We will ensure that your recovery is in a relaxed environment, and is as enjoyable as possible. The Château's staff will provide round-the-clock service, as well as provide invaluable emotional and psychological support. Your recovery will be further aided by complimentary treatments and therapies.*

*To begin the procedure, complete and return our Pre-Consultation Questionnaire, or for an informal, and strictly confidential discussion, please call Ann on +421 (0)38 539 5155.*

*Re-discover your hidden beauty, with cosmetic surgery and convalescence at The Château.*

*Disclaimer: The Château staff hold no medical qualifications, and The Château does not carry any responsibility for the work of the surgeon, clinic or its medical team. All medical work is undertaken by, and is the responsibility of, the surgeon and the clinic. The clinic will provide the client with all necessary medical advice and instructions; if the client refuses to follow such advices and instructions, neither The Château, the surgeon and/or the clinic can be held responsible.*
